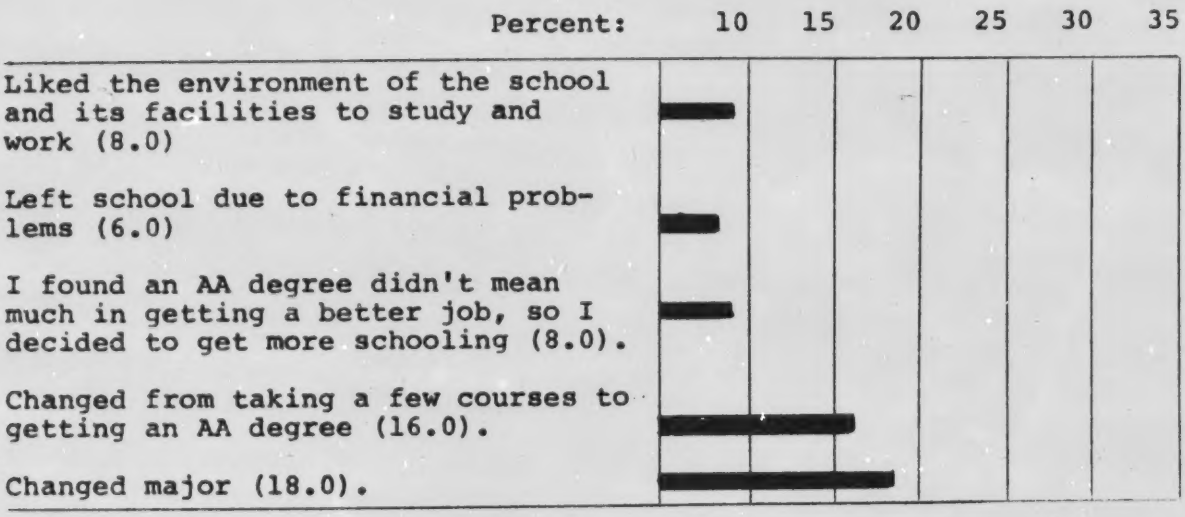
REASON FOR CHANGE OF PLANS AT CYCC



OTHER:

Changed from 3-hour to 9-hour student; very impressed by school policy.

After little effort and accomplishment, I dropped out to reorganize my thoughts.

The learning that took place was futuristically encouraging.

Employed now at CYCC instead of staying in my field.

I got mixed up.

Got married and let husband finish first.

Could not attend parttime with scholarship.

Took other courses to get Real Estate Certificate.

Mental breakdown.

Preferred to work, so left before obtaining degree.

Attended CYCC for two years, but did not earn Associate Degree. The courses I was lacking for the degree would not be transferable.

REASON FOR CHANGE OF PLANS AT CYCC [Continued]

Discouraged with academic standards; job offer that made relocation necessary.

I was turned on by psychology - I wanted to be a shrink - solve everyone's problems.

Had no set program and did not get help about transferring.

I would have worked first, then gone back to school.

Too much hassle trying to get credit for courses, contact teachers, and get transcripts.

Impressed by small classrooms and "I care" attitude by teachers.

I wanted to play basketball, and Central didn't have a team.

Family problems.

Went back to Loop for AA degree.

Worked after graduation.

Not all of my courses were in the evening.

Job requirements - change of interest.

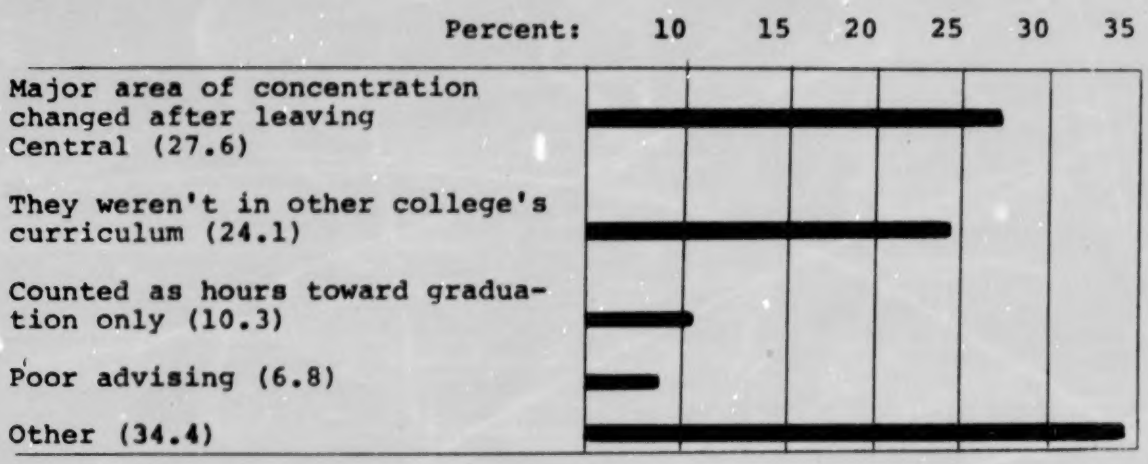
WHY TRANSFERRED COURSES DID NOT
COUNT TOWARD DEGREE REQUIREMENTS



OTHER:

Most of these courses were not requirements in education at the other college.

Medical assisting; now pursuant to B.A. degree.

They were non-credited.

Because of my A.A. from Central.

They are business courses, supposed to be taken in senior college.

Clep humanities; I'm short one humanities course. There is a question whether my "pass" grade meets DePaul's standards.

Music

Had more hours in humanities and natural science than I needed.

I took a few courses over.

Because they were transferred from a junior college.

Grade in the course was too low.
